MEDICAL TRAINING

2014 – 2018 **Pediatric Residency Program**

Tawam Hospital in Affiliation with Johns Hopkins - Accredited by ACGME-I

- ✧ Trained on rotation in pediatric subspecialties such as Pulmonology, Neurology, Infectious Diseases, Behavioral/Neurodevelopmental Pediatrics, and Pediatric Emergency among others.
- ✧ Provided care in one of the country's most advanced Neonatal Intensive Care Units (NICU) for roughly 6 months over the course of my 4-year residency; trained in the Pediatric Intensive Care Unit (PICU) during my second and third years in the program.
- ✧ Actively participated in daily departmental meetings and several grand round lectures.
- ✧ Observed, performed, and supervised a wide range of pediatric procedures, such as lumbar punctures, intravenous cannulation, NGT placement, endotracheal intubation, and central line placement among others.
- ✧ Elected to become an international visiting resident at:

- Alberta Children's Hospital • Department of Pediatric Infectious Diseases (July 2019).
- Children's Hospital of Philadelphia • Department of Pediatric Infectious Diseases (June 2018).
- Alberta Children's Hospital • Department of Hospital Pediatrics (Aug 2017).
